SURVEYOR'S STATEMENT

I, Douglas C. Seiler, being a Professional Surveyor in the State of Ohio do hereby state to the best of my knowledge, information and belief to: Ohio-Commercial Mortgage, First American Title Company, and to Lymanston XII, LLC as of July 26, 1997 that:

1. This plat and the survey on which it is based were made in accordance with the minimum standards and requirements for accuracy set forth in the Surveying and Mapping Code of the American Land Title Association and the American Congress on Surveying and Mapping in 1992; that this survey meets the accuracy requirements of the Surveying and Mapping Code of the American Land Title Association through the use of the following methods: six (6) traverse stations eight through 11 of Table A thereof. Additionally, this survey was performed to the normal standard of care of Professional Surveyors in north central Ohio.

2. This survey was conducted during the week of July 21, 1997, and shows the area of the subject property, the location and type of all easements, encroachments, and above ground improvements situated on the subject property.

3. Each easement affecting the subject property, per Title Commitment #97-1462-39, is shown on this plat, or referenced in the "Easement Note" schedule. This survey does not address the possibility of unrecorded or unrecorded (not of the public record) easements which may exist.

4. There are no encroachments from above ground improvements appurtenant to adjoining premises upon the subject premises, nor from the subject premises onto adjoining premises.

5. The property shown on this plat is the property described in said Title Commitment # 97-1462-39.

6. The location of all above ground improvements on the subject property is in accord with the minimum set back provisions and restrictions of record, except as noted on the building located on Lot #10109, and Lot #10110.

7. The subject property has access to and from Lexington Avenue, a duly dedicated and accepted public street.

8. Except as shown on the survey, the subject property does not serve any adjoining property for drainage, utilities, or ingress or egress.

9. The "Property Description" contained on this survey forms a closed mathematical figure.

10. By graphical analysis only of Flood Insurance Rate Map #390477 0009C published by the Federal Emergency Management Agency dated January 3, 1986, the subject property is not located within a special flood hazard area.

11. All utilities, vehicular access and drainage necessary for the operations of the property access the property directly through public easements and/or easements appurtenant to the property. Private easements agreements or access through private property.
