SANDUSKY TOWNSHIP.

About two-thirds of this township is now embraced in Crawford county, but it was originally a part of Springfield tewnship, and the first settlers were the Welches, Condens, Coffenburys, Dougalls and Finneys. It has but a small population, but unlike some other towns has steadily maintained its standing in point of population, and has increased in wealth. By the census of 1870 the population was 688. Three railroads pass through it, and there are many fine farms devoted to fruit and grain.
